## CLEANSI

surface sanitising spray

HCC100007 - HCC100008

### DESCRIPTION

Powerful 80% alcohol-based sanitiser in an aerosol can that sprays directly onto any surface and deeply sanitises it in a simple pass.

CleanSi evaporates quickly and completely without leaving residues and halos.

Thanks to its high alcohol content, it is particularly suitable for sanitising and cleaning all frequently contacted surfaces that require a deep level of hygiene.

Particularly suitable in domestic environments used on handles, chairs, tables, glass tables, keys, remote controls and TV screens, smartphones and tablets, game consoles, toys, furnishings, elevator buttons, bathroom accessories, kitchen countertops and small appliances, handrails and window and door fittings. It is also suitable for cleaning glass, lenses (including glasses) and glass surfaces.

It can also be used in the office on desks, armchairs, clothes hangers, monitors, keyboards, mice, computer bodies, laptops, printers, copiers, telephones and all other office equipment and beverage dispensers. It can also be used on passenger cars, sprayed directly onto handles, dashboards, gear sticks, steering wheel.

In working environments it is recommended for the sanitation of measuring instruments, tools, battery-operated screwdrivers, drills, vices, benches and machine tools.

It is also recommended for cleaning and sanitising filters and ventilation ducts of air conditioning systems, eliminating microorganisms that affect the quality and healthiness of the air introduced into the environments.

CleanSi removes germs, allergens, dust and environmental dirt. CleanSi is a product suitable for the HACCP plan, it can therefore be used also on the surfaces in contact with food

### TECHNICAL SPECIFICATIONS:

- High alcohol content 80%
- Sanitises any surface
- Evaporates quickly without leaving residues and halos
- Removes germs, allergens, environmental dirt, fingerprints, smears and grease
- Ready to use, no rinsing required
- Suitable for sanitising A/C systems
- Suitable for the HACCP plan
- Disinfectant registered in Germany (No. 90037)
- Contains propan-2-olo

## APPLICATION ON EVAPORATORS

- [1] Turn off the system
- [2] Shake the cylinder
- [3] Apply the product on the entire surface to treat
- [4] Dry using a soft cloth

## APPLICATION ON SURFACES

- [1] Shake the cylinder
- [2] Apply the product on the entire surface to treat
- [3] Dry using a soft cloth

## INDICATIONS OF THE DANGERS

H222+H229 Highly flammable aerosol

## SAFETY RECOMMENDATIONS

P210 Keep away from heat, hot surfaces, sparks, open flames or other ignition sources, do not smoke.

P211 Do not spray over an open flame or other source of ignition.
